

YF II

In touch with nature.

Kowa

YF II

A binocular to be enjoyed by all.

- Waterproof and dry nitrogen filled
- Ergonomic and lightweight
- Fully multi-coated optics
- KR protective coating
- Easy to use and superb value

Easy to use:
Large responsive focus wheel.

Easy to adjust:
Tailor to suit your viewing needs.

Bright and clear:
Fully multi-coated optics.

Portable:
Lightweight ergonomic body.

The YF Series represents the perfect balance between retro design and modern functionality.

A traditional porro-prism design and a low power magnification (6x or 8x) are the perfect combination, producing an extremely wide field of view. This feature allows the user to observe comfortably for long periods of time and quickly locate subjects.

The YF Series are 100% waterproof and feature a tough and tactile rubber armoured shell. All optical components in the YF Series are manufactured from high quality Japanese eco-glass and all surfaces are fully multi-coated. These coatings ensure that light transmission, colour definition, brightness and contrast are always performing at a maximum. The binoculars produce clear and vivid images with natural colour and contrast.

The YF series are particularly easy to use and are perfect for the young or old. The ideal choice for nature, astronomy, hiking, festivals and many outdoor activities.

The Kowa YF is supplied with a high quality case, padded shoulder strap, rain guard and lens cap.
